Sanctions

28/8/52

964

From the President, City Municipal Council,
Mysore

M-S-C-24-12, dated 25-7-46

Requests sanction to the resolution dated 10-7-46, of the City Municipal Council to employ 12 men on the Cyprus establishment, (in addition to the 9 men already sanctioned) on Rs 10- each per mensem, as a permanent measure to prevent plague infection in the Mysore City

1) The G.O No L 12236-8 / PH 72-45-4 dated 4-5-46, sanction was accorded to the permanent employment of one Sanitary Inspector on Rs 25-+5-c, and 9 Jamadars on Rs 10- each, for doing Cyprus work in Mysore City

Flag 'H'

2) The above establishment is found inadequate to attend to the Cyprus fumigation work Continuously throughout the year, as a preventive measure

Control the incidence of plague As there are 7 Mohallas in the Mysore city with a population of two lakhs, it is proposed to employ a gang of 3 men for each mohalla to work with the Sanitary

3) With this end in view, the City Municipal Council has resolved to employ 12 more men (in addition to the 9 men already sanctioned) on Rs 10 each p/m with the usual dearness allowance, as a permanent measure to prevent plague infection in Mysore city

4) Reference ## is invited to the W.O. Note dated 19-10-45 from the Director of Public Health, stating that a permanent gang of 48 people would be required to Control the incidence of plague in Mysore city

5) The Proposal in Para 3 Supra is for orders

b) This may be considered after the Budget of the Mysore City M.C. for the year 1946-47 is passed by the Council

Sd/- 16/8/46

1) Resubmitted

In the sanctioned budget a provision Rs 16,700- has been allowed under E 2-(b), as detailed below -

	Rs
E D Hospital —	4000
Disinfection establishment —	1245
Preparation of Emulsion —	750
Cyno Lasing —	10,000
Plague Charges —	500
Cholera Charges —	202
	Rs. 16,700

2/11

2) I enquire whether the MLA have employed any addl. staff in this Connection during the last few months whether, in view of the large increase of the city, it would be desirable to employ such a large staff hereafter as now recommended

3) A draft letter is sent up

Re: From the President City Mill of Mysore
MJ- C 24-12 dated 20-2-47

Furnishes the information called for in regard to measures for supply of cheap gruel in Mysore city

1) The particulars are noted below.

1) Whether the Municipal Council has employed any additional establishment in this connection

It is stated that four gangs of 3 men each were employed since 15-8-46

2) Whether in view of this how far it is desirable to employ such large establishment?

It is stated that it is necessary to employ one gang of 3 men each for Mohalla permanently to carry out intensive anti-plague work.

12) The Municipal Council has orders

to stop

13/ What is the expression used
used or expression establishment" i
of for the last 3 years under b
stamping establishment Surveillance
Dust other equipment?
What would be the recurring personnel e
of the present proposal is somewhat?
And the finances of the WHO in such a sense
position as to meet this recurring charge?
would not such an arrangement also give
the impression that the Bureau of is always
visited by plague throughout the year whilst in
state of the several health measures adopted the
epidemic has not been put end of in this capital
of? It not plague [illegible] a seasonal
disease & would not the Government establishment
for expropriating country of 3 forms be sufficient
for adopting preventive measures? Appeal to
levels of three fumigators a month may not be
required throughout the year & than teams can
be utilized in places where there is an appearance
outbreak of plague or the epidemic may not be
to widespread attention
in the above [illegible]

To The pres- M-c-M
12340 d 10-3-47
calls for the above info

From the pendent- city M_d Mysore
MSC 24-12 dated 17-6-47
46-7

Furnishes the particulars called for in
Connection with increasing the number of cyanogas
men on a permanent basis in Mysore city

16) The proposal of the Mysore city Municipal
Council is to employ 12 more gang men, C in
addition to the nine hands already sanctioned) on
Rs 10- each- with the usual clearness allowance
and to place the above cyclone establishment on
a permanent basis

17 The recurring permanent expenditure, if
above proposal is sanctioned, would be Rs 7824
per annum as detailed below —

By Pay — Rs 21×12 —— Rs 2520- per a.

Dearness allowance — 21×12×12 — Rs 3024 — do —

Sweepers — Dusr- —————— Rs 2000 — do —

Personary Contribution — Rs 280 "

Total Rs 7824 "

(9) It is reported that half of the above amount will have to be paid by the Govt. as contribution plague charges.

20) It is reported that a provision of Rs 8000- has been made in the Draft Budget of the Mysore City Municipality for the year 1947-48 for the purpose

21) As the Govt desired as to whether the above additional Sweepers establishment would have full work throughout the year, the Director of Public Health has forwarded the following opinion -

The presence of a few Sweepers men in this large City is not likely to give any indication

6977 to 243

314

that the infection prevails in it throughout the year
on the other hand it would be an indication that
the Department is forearmed and is doing every
thing possible to prevent rather than suppress
infection after it comes in"

vii) The proposal in para 16 below is for orders

23 the Medical Branch will be
consulted if a money of
cost is incurred in this establishment would
be met by the post (vide para 19 below)

Sir,

The Municipal Commissioner Bangalore vide his No A2pR 70/43-49 dt 1 12 49 forwarded the information called for

69) It is reported that no marks of the plague charges as claimed for any part of the Bangalore city fell by the public Health Dept

70) The Mysore city Municipality is

3781/me

Increasing the Strength of the cyanog in Mysore city —

Reported to have Revised this charges during the previous years

1944 45	Revised on 31 1 46	Rs 4 637 5-
1945—46 —	1 10 47	Rs 5 914-13—0
1946-47 —	16 1 48 —	Rs 5 557-3—0

71) The Financial Secretary at para 54 Supra has Remarked that when the Bldr city Municipality is not being paid these charges no Exception need be made in the case of Mysore city

72) This is a charge authorised under the provisions of the Accounts Code, and if the Bldr city Municipality felt no need to utilise the same, it may not perhaps be made a Reason for Refusing it to the Mysore city Municipality which may be Required it. Also the present proposal of the Municipal Council to augment the present Strength of the cyanogaming gang involves heavy extra cost & the Municipality which in its present financial condition may be hard put to it to meet

73) The pay of these ~~Staff~~ gangs have been Recently Revised from Rs 15 - ½ - 20 to Rs 18 - ½ 22 Any additional Staff now to be Sanctioned Should therefore be ~~Sanctioned~~ allowed those higher Scales of pay Hence the proponents Statement Requires to be got modified & the Municipal proposals accordingly to know the Correct financial implications of the proposal

74) Subs for orders - Ref paras 51 54 & 56 Supra

Mgr 22/12/48
JM
23/12

75) Pl note the comptroller's observations on the Budget of the MC for 49-50 about the necessity of the MC observing economy in expenditure on establishment for 25/12/48

3781/mls

of the Strength of the Cyanogen Gas
-ue only —

The opinion of the Comptroller referred
overleaf is extracted below —

" The financial position of the Belly
is not on a Satisfactory condition, and
on account of the Recent Revision of grade
the charges on account of the establishment
of the Municipality has increased by
nearly a Lack of Rupees The charges
under establishment and Salaries Come
to more than one third of the normal
Revenue Receipts of the Municipality
Govt. in their order no L 1810 - 1/mL
105 - 48 - 15 dated 24 8 48 exclude
Sanctioning the Revision of grades of
the Municipal Staff have issued instructions
that the question of Retrenchment the
Staff to the Basic minimum level
Should be seriously Considered "

77) Rules for orders

Rec 30/12/48
31/12 48 Therefore two points for consideration
in this case '—

1) Report one relates to the Continuance
of the payment of the arrears of the
plague charges for 47-48
2) Recommendations to increase the
charges of the Cynogas Establishment
from present rate 3-9 to 2/

(3)

and to place all of them on the revised scale of pay is Rs 18—1/2.

79) In regard to the first limb, it is submitted that the documents referred to in the previous para, while the plaintiff did not claim the moneys on the plaint charges as laid down in 132(3) ITC and VIT, the plaintiff did claim for the years 44-45, 45-46 & 46-47 against the Government. The Tribunal has expressed the opinion at para 54 that there ought to be a uniform procedure that when the plaintiff is not being paid these charges, no exception need be made in the case of any one. Whether this opinion is to be accepted or the article in the Civil Procedure VOL I would thereby be abrogated

with para 70 supra

378

as for consideration of this amount of rent
paid, the Myrmecip unit is very flexible
appears would not be able to maintain this establishment
intended for the prevention of plague - the
A If Secretary requires consults on this
matter

So we decision in regard to the second
question depends upon the settlement of
the first question. In its present financial
position, the MCC is not able to
meet the heavy recurring expense of the
Cyprus establishment is increased by the
(or lands or) reserved tools of the
recurring expense would increase enormously
reserve a force of nine men as are
at present employed would be quite inade-
quate for taking effective preventive
measures, as plague is not an epidemic
prevalent or impose throughout the year or
at the same time throughout the entire area
but occurs sporadically the nine men
required by the disinfection staff should be
able to tackle the same effectively
for orders re above -

[illegible] 31/1/24.

Ref: 205/49

From [illegible]

To

The Municipal Commissioner, Mysore City

No. C.S.P. 109/48-49 dated 26.6.50

Sir,

I am directed to refer to the information called for in your letter cited and to state as follows:

91) The Municipal Commissioner states that a separate plague and cholera charges is not being collected every year and the following amounts have been received during the years 47-48 and 48-49

1947-48 — Rs 5671-5-6
1948-49 — Rs 5587-1-3

92) There are at present 9 permanent gangmen employed by the Municipality for cyanofumigation purposes in the unprotected areas in the city. Even during normal times, it has been necessary to maintain additional temporary gangs in times of severe epidemics.

93) The Municipal Commissioner therefore requests sanction to the establishment permanently of 12 more men.

94) According to the proposal sanction sent enclosed the additional cost involved in the proposal is Rs 3370/- per annum. But the scale of pay of these gangmen has been revised from Rs 15-½-20 to Rs 18-½-22 and the extra cost therefore now corresponding increases to Rs 24 per

2305/M3;

using the strength of cyanogamous of the Mysore city

fore necessary to get from the Municipal an revised proposal statement in accordance with these revised scales

95) The Financial Secy. at para 54 supra has expressed the opinion that there ought to be a uniform procedure and when the Bdm city Rly Corpn) is not levied paid a royalty on plague charges, no exception need be made in respect of Mysore city it is therefore a point for consideration whether the Mysore city municipal Council ought to be able to bear these charges which would increase with the augmentation of the staff and of the cost goods of the plague charges is stopped

96) The abstract figures of the Budget of the Municipality for 50 s/ are as follows -

Opening Balance	-	Rs 48 877/
Receipts	-	Rs, 22 75, 490/.
Total	-	Rs 23, 24, 367/
Expenditure	-	Rs 22 89, 072/
Closing Balance	-	Rs 35, 295/

Proceedings
The Municipal Commissioner, Mysore City
No. C3/P 109/48-49 dt 8 11 50

Proceedings the information called for

103) The Mysore City Municipal Council
resolved on 30 11 50 to continue the
grant towards the meeting of Plague
charges and further to sanction the
proposal for the Revision of the pay
and establishment of additional men
as already recommended the Reasons
weighing with the municipal Council
are explained in the letter now received
from the Municipal Commissioner

104) The question therefore was whether
or whether the Plague charges should
be continued or not Only if this
grant is given, the extra cost involved
in the proposal can be met by the
municipality

105) For orders. Ref paras 53 54, 95,
101 and 102 supra

DSG) 25/11

9496
27/11/50

106) In cases of this type, the Asst Secretary should study the question in detail and offer his remarks. This may please be done now

107) It is seen from the Deputy Comptr's W O Note dated 19 4 49, para 53 that the provision of Art 132 (3) in C A C Vol I is in force in respect of plague charges incurred by the Mysore city only

108) The A D H who was consulted in the matter has agreed to the debiting of a moiety of the expenditure in regard to plague control measures undertaken by the City Mnl Council Mysore, to the grants of the Public Health Deptt (vide his W O Note dated 22 7 48 at para 31)

Flag H

109) Kind refer is invited to the Resolution passed by the Mysore Mnl Cl at their meeting held on 30 8 50, this stated recommending the continuance of the grant and for the enhancement of the strength of the present cyanogassing gang from 9 to 21 as also to fix their pay at Rs 18-1/2-22

P to D

110) For the reasons fully set forth in the Mnl Commr's letter dated 8 11 50, the following may be sanctioned for the present

1) Continuance of the grant towards the moiety of plague charges from out of the Public Health Budget

2) Increasing the existing staff may be increased by 3 and the total 12 be fixed at Rs 18-1/2-22 as against Rs 15-1/2-20

BANGALORE

Sir,

Subject Increase in the number of cyanogas gang for the City

Adverting to G O No L 12236-8/M1 92-45-4 dated the 4th May 1946 sanctioning the appointment of one Sanitary Inspector on Rs 25/- plus 5 C A and D A and 9 gangmen on Rs 10/- plus Rs 8/- B A for doing cynogas work, I have the honour to state that experience has shown that a programme of cyanogas fumigation work should be done continuously throughout the year as a preventive and protective measure in a Metropolis like this, which is constantly being visited by people from various parts almost all the year round, and especially during the Birthday and Dasara Festivities It has been the practice to employ temporary men and continue them after obtaining sanction from time to time In view of the permanent nature of the work which requires the services of men who are to be specially trained and to have an effective system of eradicating the rat trouble to prevent plague infection, it is found very desirable to have at least 3 men for each mohalla to work with the pump, in the interest of the health of 2 lakhs of people residing in the City

The Health Committee who considered the subject recommended the entertainment of a gang for each of the seven mohallas and the Council sanctioned the same in their resolution No 1158 passed at their adjourned meeting held on 10-7-1946

In enclosing herewith the copies of the resolutions of both the Health Committee and the Council, I request you kindly to obtain sanction of the Government to the entertainemtn of 12 more men in additon to the nine men already sanctioned or 21 hands in all at Rs 10/- each with the usual D A The expenditure will be met out of provision under E2 D Plague Charges.

I have the honour to be,
Sir,
Your most obedient servant,

- PRESIDENT

MYSORE

To

The Secretary to Government,
Revenue Department,
Bangalore

Sir,

Subject -Increasing the number of Cyanogasing Gang in Mysore City

With reference to your letter No L 5566 dated the 6th November 1946 on the above subject, I have the honour to state that the above four gangs of 3 men each, have been employed since 15-8-1946 It is to be stated that in view of the incessant infection of Plague in the city, due to a large movement of not only people coming from various parts but also food grains from outside the state etc , where there might be Plague infection, it has been found necessary to have at least one gang of 3 men each per Mohalla permanently in order to do continuous intensive cyanogassing work and destroy the rats completely and thus prevent infection

Under the circumstances, I request that orders of Government may be kindly obtained sanctioning the establishment under question permanently from 15-8-1946

I have the honour to be,
Sir,
Your most obedient servant,

Subj - Increasing the number of Cyanogasing
gang in Mysore city - and sanctioning
Sir, it on a permanent basis

With reference to the correspondence
ending with your letter No. M-C 24-12 dated
28-12-47 on the above subject, I am directed
to request you to kindly furnish information
on the following points —

What is the Expenditure now incurred under
Cyanogasing establishment" in Mysore city for the
last 3 years under permanent and temporary
establishments and purchase of Cyanogas dust
and other equipments?

What would be the recurring permanent
Expenditure if the present proposal is sanctioned
Are the finances of the Municipality in such
a sound position as to meet this recurring
charge? would not such an arrangement

also give the impression that the Mysore city is visited by plague throughout the year and that, inspite of the several Health measures adopted, the epidemic has not been got rid of in this capital city? Is not plague generally a seasonal disease and would not the permanent establishment for Cyanosanding consist of 3 gangs be sufficient for adopting preventive measures? After all the services of three gangmen for a Mohalla may not be required throughout the year and their services can be utilised in places where here is an otherwise hended outbreak of plague as the epidemic may not be so widespread.

Yours faithfully

Copy of letter No. L 3485/46-47 dated 7-4-47 from the Director of Public Health in Mysore Bangalore, to the Health Officer, Mysore City

======

Increasing the number of cyanogas gangmen for Mysore City on a permanent basis

---

With reference to his letter No. HIP3 244/46-47 requesting for opinion and technical advice on the above subject, has the honour to state as follows -

It is true that plague is a seasonal disease The history of Plague in Mysore City from the commencement of infection in 1898 shows that with the exception of half a dozen years from 1936 to 1942 it has been there practically every year in more or less degree After 1942 the infection broke out again, and though the activities directed by the Health Department towards the control of thedisease, like the clearance of sums, rat control measures, etc , cannot be denied to have had a definite bearing on the reduction of the incidence of this disease, it cannot be said that the freedom that the city enjoyed during these half a dozen years above mentioned, has beendue entirely to these efforts Certain natural conditions which have not yet been clearly understood must be responsible for this

Mysore City is a large city and is a trade centre especially for food grains It is situated close to Gundelpet, and Periyapatna taluks, which fromthe statistics, are undoubtedly endemic focii for plague in Mysore state Importation of infection from these taluks, is, therefore, a constant problem and to safeguard the city from the ravages of this disease, it is necessary that facilities are made permanently available to the Health Officer Cyanogassing as a measure for exterminating rats is of fairly recent origin and so far, happens to be the best method avialble for keeping the infection under check

The staff of one gang of 3 men for each of the several Mohallas that he has asked for sanction, appears to be about the irreducible minimum requirement for safeguarding the interests of the city during normal times This number is by no means adequate for meeting an emergency in case of severe out-breaks Speical gangs will have tobe employed under these conditions if it has to be effectively and speedily controlled

Periodic cyanogassing, irrespective of thepresence of infection, of places which are known to be the starting points for the disease in the city, ensures to a large extent immunity from sudden and violent outbreaks, and to this extent it is necessary that sanction is accorded to his proposals

The presence of a few cyanogas men in this large city is not likely to give any indication that the infection prevails in it throughout the year On the other hand it will be an indication that the Department is fore-armed and is doing every thing possible to prevent rather than suppress infection after it comes in "

"Copy'

President

I Statement showing the cost incurred on cyanogas establis Mysore city (permanent and temporary) for 1944-45,1945-46 ar as called for in letter No 12340/10-3-47 from the Revenue Sec.

Year	Temporary estt	Permanent estt	Cost of dust	Equipment & others
1944-45	4166-9-0 (for six months)	Nil-	Information not available in this office as the stock book are not available with the present storekeeper	
1945-46	5304-7-0	Nil	1317-8-0	20-2-0
1946-47	3779-10-0 (for nine months)	1841-9-0	1824-0-0	30-2-0
Grand total	13250-10-0	1841-9-0	3141-8-0	50-5-0

Rs 18,284-0-0

II What would be the recurring permanent expenditure if the present proposal is sanctioned?	Pay 21x10=	2520/-	per yea
	D A 21x12x12=	3024/-	"
	Dust average	2000/-	"
	Pensionary contribution to staff at 1/9 pay	280/-	"
(Half of this we have to be borne by Govt as contribution for Plague charges)	Total	7824/-	"

III Are the finances of the Municipality in such a sound position as to meet this recurring charge? Would not such an arrangement also give the impression that the Mysore city is visited by plague throughout the year and that, inspite of epidemic several health measures, adopted, the epidemic has not been got rid of in this capital city? Is not plague generally a seasonal disease and would not the permanent establishment for cyanogassing consisting of 3 gangs sufficient for adopting preventive measures? After all the services of three gangmen for a Mohalla may not be required throughout the year and their services can be utilised in places where there is an apprehended outbreak of plague, as the epidemic may not be so widespread?

A provision of Rs 8000/- has been made by the Health Committee at its Budget meeting held on 14-4-47 for this item (in the Budget for 47-48 as shared by the Centre)

A copy of letter No B E 348 dated 7-4-47 from the Direc of public Health in Mysore, B ngalore, furnishing his technical opinion in the matter is herein enclosed kind perusal and needful

Do Do

In the circumstances explained, the gangs a for are quite necessary and may therefore be sanctioned

From

T VENKATARAMANIAH
President City Municipal Council
MYSORE

To

Janab Mir Safdar Hussain, B A ,
Secretary to Government,
General Department, Bangalore

Sir,

Re -Increasing the number of cyanogasing men from 9 to 21 on a permanent basis

---

With reference to your correspondence ending with your letter No L 2484/48-49 dated 10th September 1948 on the above subject, I have the honour to state as follows -

The expenditure incurred during the year 1947-48 is Rs 5460-14-0 inclusive of the cost of the temporary gang that had been entertained for some month at the rate of Rs 10 plus Rs 12/- DA, per head at the old scale of pay for renials, and other erployees

2 A provision of Rs 8,500/- has been made for the year 1948-49 under E2 d iii Cyanogasing Establishment exclusive of Rs 1876/- provided for dearness allowance

As regards the retention of gang at the present strength of 9 men only in view of the increased pay to be given consequent on the revision of salaries, I wish to state that the work of the cyanogasing gang consists mostly in the prevention of plague The work of the gang has had good results, judging from the facts that there was no out-break of plague in the city last year It is very necessary to increase the strength of the gang as already proposed and place it on a permanent basis in the interest of the Public Health of the City The question of giving the gang revised scales of pay is separately under examination, having regard to the financial condition of the Municipality and the probability of gangmen of other sections also claiming a similar treatment For the present, the old scale of pay (viz , Rs 15-1/2-20) will be allowed to the gangmen

The services of the disinfection gang and malaria gangs the duties of which are quite separate, and distinct from those of the cyanogasing gang cannot be utilised for work anti-plague work. The increase of expenditure for strengthening the gang from 9 hands to 21 is Rs 337/- per year, as per proposition statement enclosed

Yours faithfully,
T Venkata Ramana

(Through the President, C M C Mysore)

Sir,

Subject - Increasing the number of cynogassing men from 9 to 21 on a permanent basis and revision of their scales of pay to Rs 18-½-22

With reference to your letter No L. 2699/8-6-50 on the above subject, I have the honour to state that the moiety of the plague and cholera charges ~~are~~ is being claimed every year and the same is being received and credited to ~~refunds~~ the Municipal funds The money claimed and recovered from 1947-48 is noted in the margin

Year	Amount claimed and recovered
1947-48	Rs. 5671 5 6.
1948-49.	Rs 5587 1 3

Necessary provision has been made in the Budget estimates of the Municipality for the 21 men - including the 9 men already working on permanent basis. The Health Officer is repeatedly urging the necessity of maintaining the 12 additional cyanogasmen on a permanent basis, stating that 21 gangmen for purposes of cyanofumigation in the City is the irreducible minimum even during normal times and that additional temporary gangs (over and above these 21 men) would have to be employed in times of severe epidemics A copy of the ~~present~~ - Health Officer's report dated 23-6-50 is enclosed for perusal

I request that orders of Government may therefore be obtained for placing the 12 additional cyanogasmen on a permanent basis.

Yours faithfully,

Municipal Commissioner

Forwarded with compliments

President.

The Municipal Commissioner,

Copy of report dated 23-6-50 from the Health Officer, City Municipality, Mysore to the Municipal Commissioner, City Municipal Council, Mysore.

Submitted to the Municipal Commissioner

With the opinion that twenty one gangmen for purposes of cyanogumigation in the City is the irreducible minimum even during normal times and additional temporary gangs(in addition to the 21 on permanent establishment) will have to be employed in times of severe epidemics. The entertainment of 21 permanent gangmen has been keenly felt from the past four years In the interest of systema-tic cyanogumigation, in order to prevent future outbreak of plague in the City, four more gangs of three men each may kindly be employed immediately on a permanent basis.

SUB Increasing the number of cynogassing men from 6 to 21 on a permanent basis and revision of their scales of pay to Rs 18-½-22

Sir,

With reference to your letter No C3 P 109 48-49 dated 26th June 1950 on the above subject I am directed to state that, in connection with the payment to the Mysore City Municipal Council by the Government of a moiety of the plague charges, it has been ascertained that no such charges are being paid to the Bangalore City Municipality and that as such, there is no reason why it should be continued in the case of the Mysore City Municipality It may have to be accordingly stopped with effect from 1949-1950 onwards

2 In this connection, I am to request you to state whether the Municipal Council would be able to bear the enhanced charges on account of the employment of a larger number of persons for cynogassing on revised scales of pay, if the payment of the quota by the Government of the plague charges is stopped? The views of the City Municipal Council may be obtained and forwarded along with a revised proposition statement based on the enhanced scales of pay viz , Rs 18-½-22 In view of the low finances of the Municipality it may be considered whether this expenditure may not be avoided altogether for the present having regard to the fact that plague is not existing in any epidemic form in Mysore City and the necessary preventive and precautionary measures could be adopted with

help of the existing staff itself

The proposition statement is herewith returned

SANITARY BRANCH B

Subject - Increasing the strength of the Cyanogasing gang on permanent basis from 9 to 21 with the revision of the scale of pay to Rs 18-1/2-22

With reference to the correspondence ending with your letter No L 4972 dated the 5th August 1950 on the above subject, I have the honour to state that the Health Committee and the Council considered the proposal contained in your letter under advertance in all aspects of the case The outbreak of plague in this city used to coincide generally with the Dasara Festivities every year The Council were of the opinion that the moiety of the plague charges that is being paid by Government is with a view to the prevention of any outbreak that may occur in the city during the Dasara and other State occasions when large gatherings of people from outside collect in the city The cyanogasing operations undertaken during the last several years have effectively checked the outbreak and the spread of the plague in an epidemic form If the Government were to discontinue the payment of the contribution for the plague charges, the Council will be greatly handicapped in undertaking systematic preventive measures with its limited financial resources

Having due regard to the above circumstances and also to the necessity for keeping the city from epidemics specially on occasions like the Dasara the Council wished to request the Government to continue the grant and also to sanction the proposal to the entertainment of the additional 12 men proposed

In enclosing the copy of the resolution of the Council passed at their meeting held on the 30th October, 1950 I request that orders of Government may be kindly obtained to the continuance of the grant and for the enhancement of the strength of the present cyanogasing gang from 9 to 21 as also to fix their pa at Rs 13-1/2-22

As there is no modifications in the proposal made already in this behalf, no modified proposition statement is seems necessary For the purpose of ready reference, copies of the proposition statements already sent are enclosed in triplicate for obtaining the sanction of Government

Yours faithfully,

Municipal Commissioner

The Coroner ~~Report of Municipal~~
Reports that the outbreak of plague
in Mysore city used to commence in
the Dasara festivals every year. The
payment of a monthly plague charge
enabled the municipal Council to undertake
expenditure in operations and the outbreak
of plague in an epidemic form is stated
to have been checked effectively in
recent years. The municipal Council
has therefore considered the continuance
of the plague charges paid out of municipal
funds necessary and also requests Sanction
to the proposal for increasing the
establishment of the Conservancy staff
from 9 to 21 on a permanent basis.
The DPH has also objected to
the continuance of the plague charges and further opposes
that the additional staff of 12 sanctioned for
the purpose of the measures
all the houses in the city once a year
The proposal of the Municipal
Council to increase the strength of the
conservancy staff from 9 to 21 on a
permanent basis as per proposals
Establishment appended is sanctioned
A monthly plague charge will be
continued to be paid by the Mysore,
city Municipality from out of the

Read:-

[illegible] 1346-C/51 10/Aug-23 on [illegible] 2(c)-1/43 sanctioning the revision of the scales of pay of the Sweepers, Scavengers and the Inmates of the Mysore City Municipality from Rs.1/-/-0 to Rs.18-1-2 with effect from 1-1-1943.

2. [illegible] 670-1/[illegible] dated 9th January 1950 sanctioning the revision of the scales of pay of the anti-malaria, disinfection and Cyanogasing staff of the Municipality from Rs.15-1-18 to Rs.11-1-2 with effect from 1-1-49.

3. Correspondence ending with letter [illegible] No.109/46-49 dated 8th November 1950 from the Municipal Commissioner, Mysore City, forwarding for sanction, proposals to increase the strength of the Cyanogasing Section from 9 to 21 on a permanent basis as resolved by the Municipal Council in a resolution dated the/6th October 1950 and to continue the payment of plague charges from the Public Health funds as heretofore.

4. Tn-U fi ial No [illegible] 23/1/5-51 dated 16th February 1951 from the Director of Public Health on the subject.

Order No. 1846 9/Com 3 51 4

Dated [illegible] 19th March 1951.

The Commissioner reports that the outbreak of plague in Mysore City as coincides with the Dasara festivities every year [illegible] payment of a moiety of plague charges enabled the Municipal Council to intensify Cyanogasing operations with the result that the outbreaks of plague in Mysore City which formerly used to assume epidemic form had been effectively arrested in recent years. The Municipal Council has therefore considered the continuance of the payment of charges paid out of the Public Health funds absolutely necessary and also requests sanction to the proposal for increasing the strength of the Cyanogasing staff from 9 to 21 on a permanent basis. The Director of Public Health has no objection to the continuance of the payment of these charges and further opines that the addition of 12 more men asked for is the minimum required to [illegible] cyanofumigate all the houses in the City every year.

The proposal of the Municipal Council to increase the strength of the Cyanogasing staff from 9 to 21 on a permanent basis as per proposition statement appended is sanctioned. A moiety of the plague charges will also be continued to be paid to the Mysore City Municipality from out of the Public Health funds as heretofore in accordance with the provisions of Art 132(3) of the M.C.A.C. Vol.I.
